EXPLANATORY NOTE

This Restricted Area (Zoning) By-Law is in a composite form requiring the adoption by four municipalities. Unlike the Official Plan, adoption procedure, the Council of the designated municipality will not adopt the Restricted Area By-Law for the entire planning area. Each municipality will have to adopt the Zoning by-law as it relates to the municipality's area of jurisdiction. The Restricted Area By-Law text contains a number of sections and the council of each municipality will enact those sections of the text that apply. This is indicated on Page iii to vi of the By-Law where the specific sections and schedules to be adopted are listed. Since the Restricted Area By-Law is used to implement the policies of the St. Joseph Island Official Plan, a composite By-Law should simplify procedures and provide uniform regulations for the entire Island.
